

# Nanotechnology and Applications Conference

Oct. 15, 16 2004

SUNY College at Oneonta

Web address: [nanotechnology.oneonta.edu](http://nanotechnology.oneonta.edu)

Schedule:

## **Friday, October 15:**

All sessions will be held in the Morris Conference Center.

8:30 Registration/Coffee

9:30 Open Remarks: Professor Joseph Chiang, SUNY-Oneonta

Welcoming Statement: President Alan Donovan

### **SESSION I (Chair: Professor Chiang , Distinguished Teaching Professor, SUNY-Oneonta)**

9:45 Micro and Nanoscale Magnetic Sensing: Professor Naughton, Boston College

10:45 Organic Semiconductor Devices: Solid State Structures, Deposition Mechanisms, and Nanoscale Aspects: Professor H. Katz, Lucent and Johns Hopkins University, President of MRS

12:00 Lunch

### **SESSION II (Chair: Professor Harry Pence, SUNY-Oneonta)**

1:30 Engineering the Bio-synthetic Interface: Professor Stroock, Cornell University

2:30 Nanotechnology: Realizing the Investments for Research and Education: Professor Robert Geer, SUNY at Albany

3:30 Coffee Break

4:00 Nanostructured Materials and Device: Tiny Things with Big Applications: Dr. Z. H. Yang, Eastman Kodak

6:30 Dinner

7:30 Keynote Speaker: Congressman Sherwood Boehlert

For more information about this conference, local hotels and parking please visit the web site:
